

# *Plocke Sans*

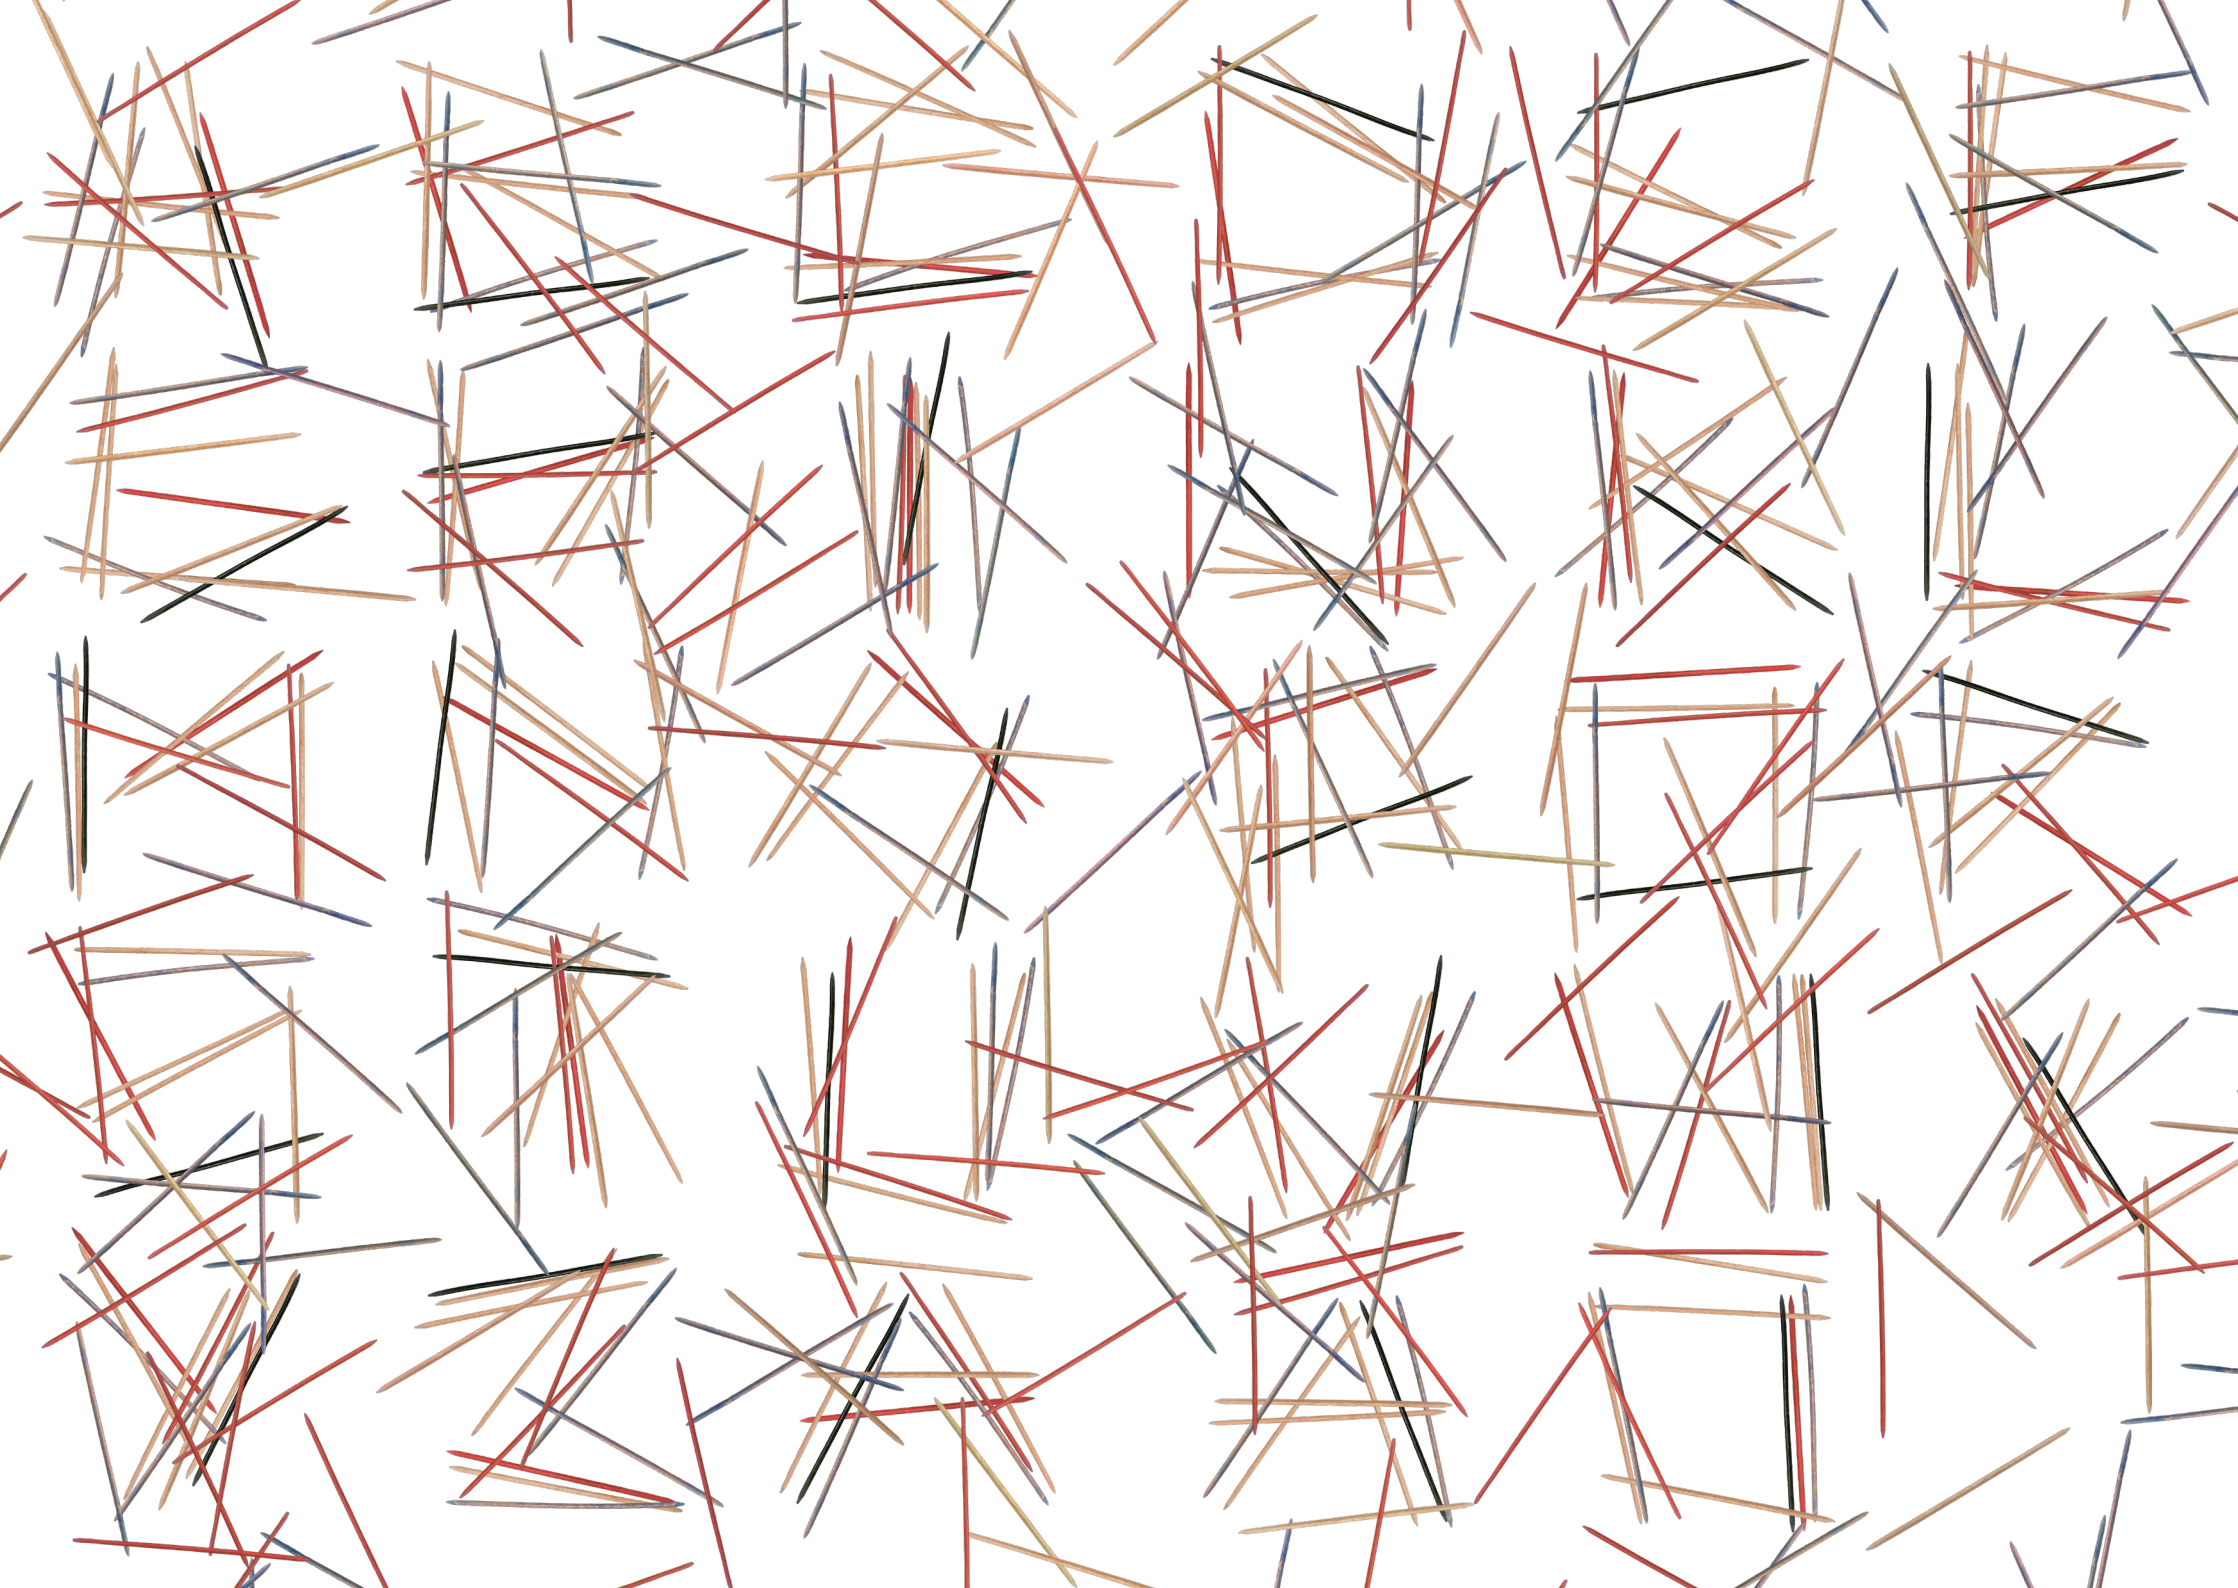

*A font made of my dads old Plockepinn(Jackstraws?)-game.  
Inspired by the random patterns created when  
dropping all of the sticks in the beginning of a game.*

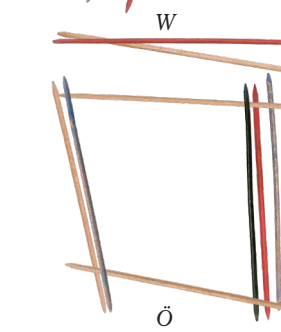

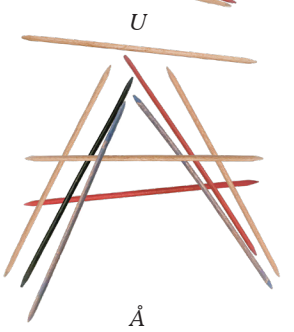

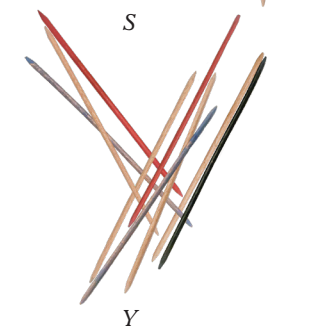

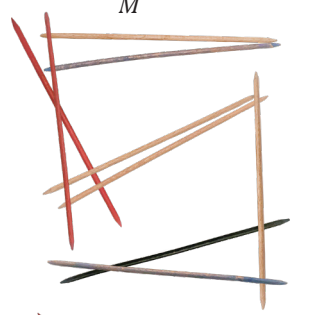

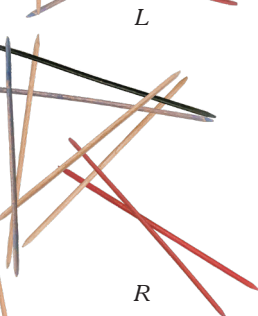

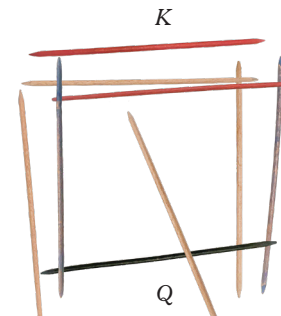

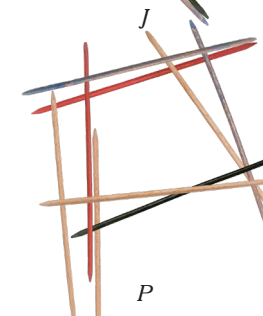

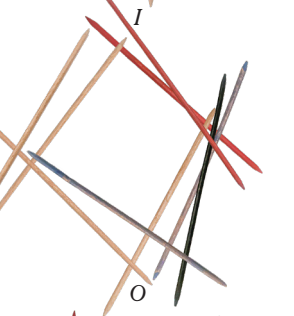

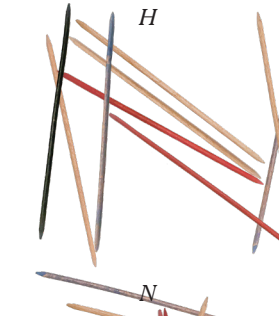

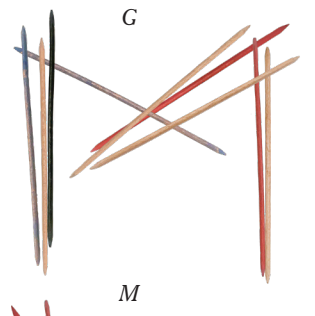

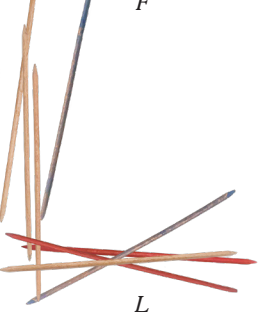

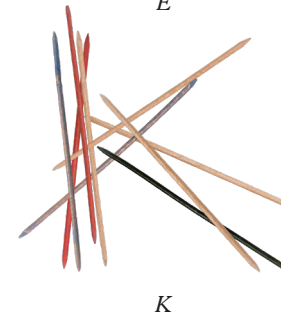

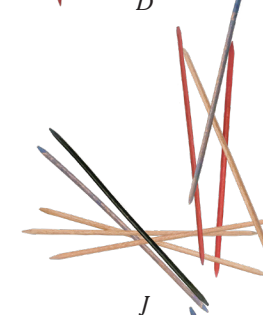

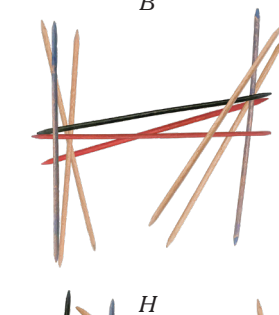

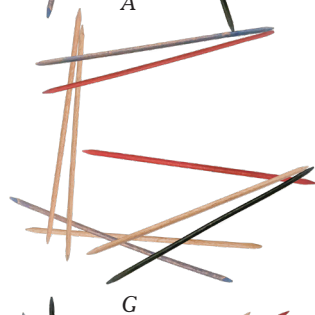

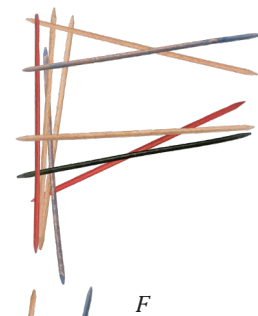

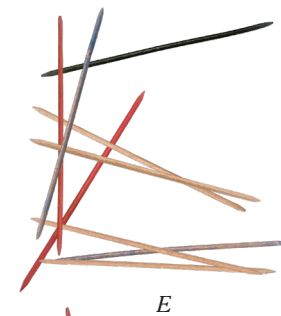

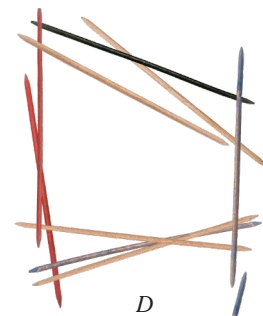

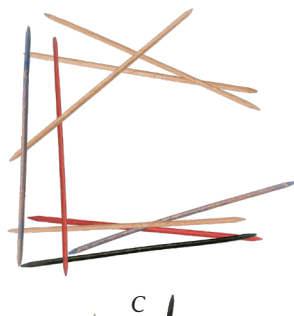

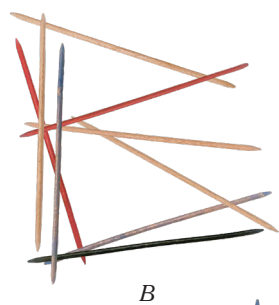

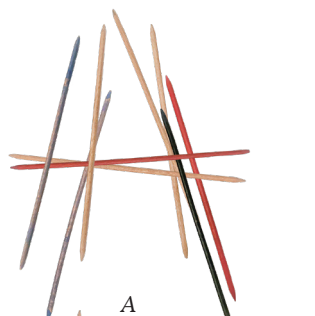

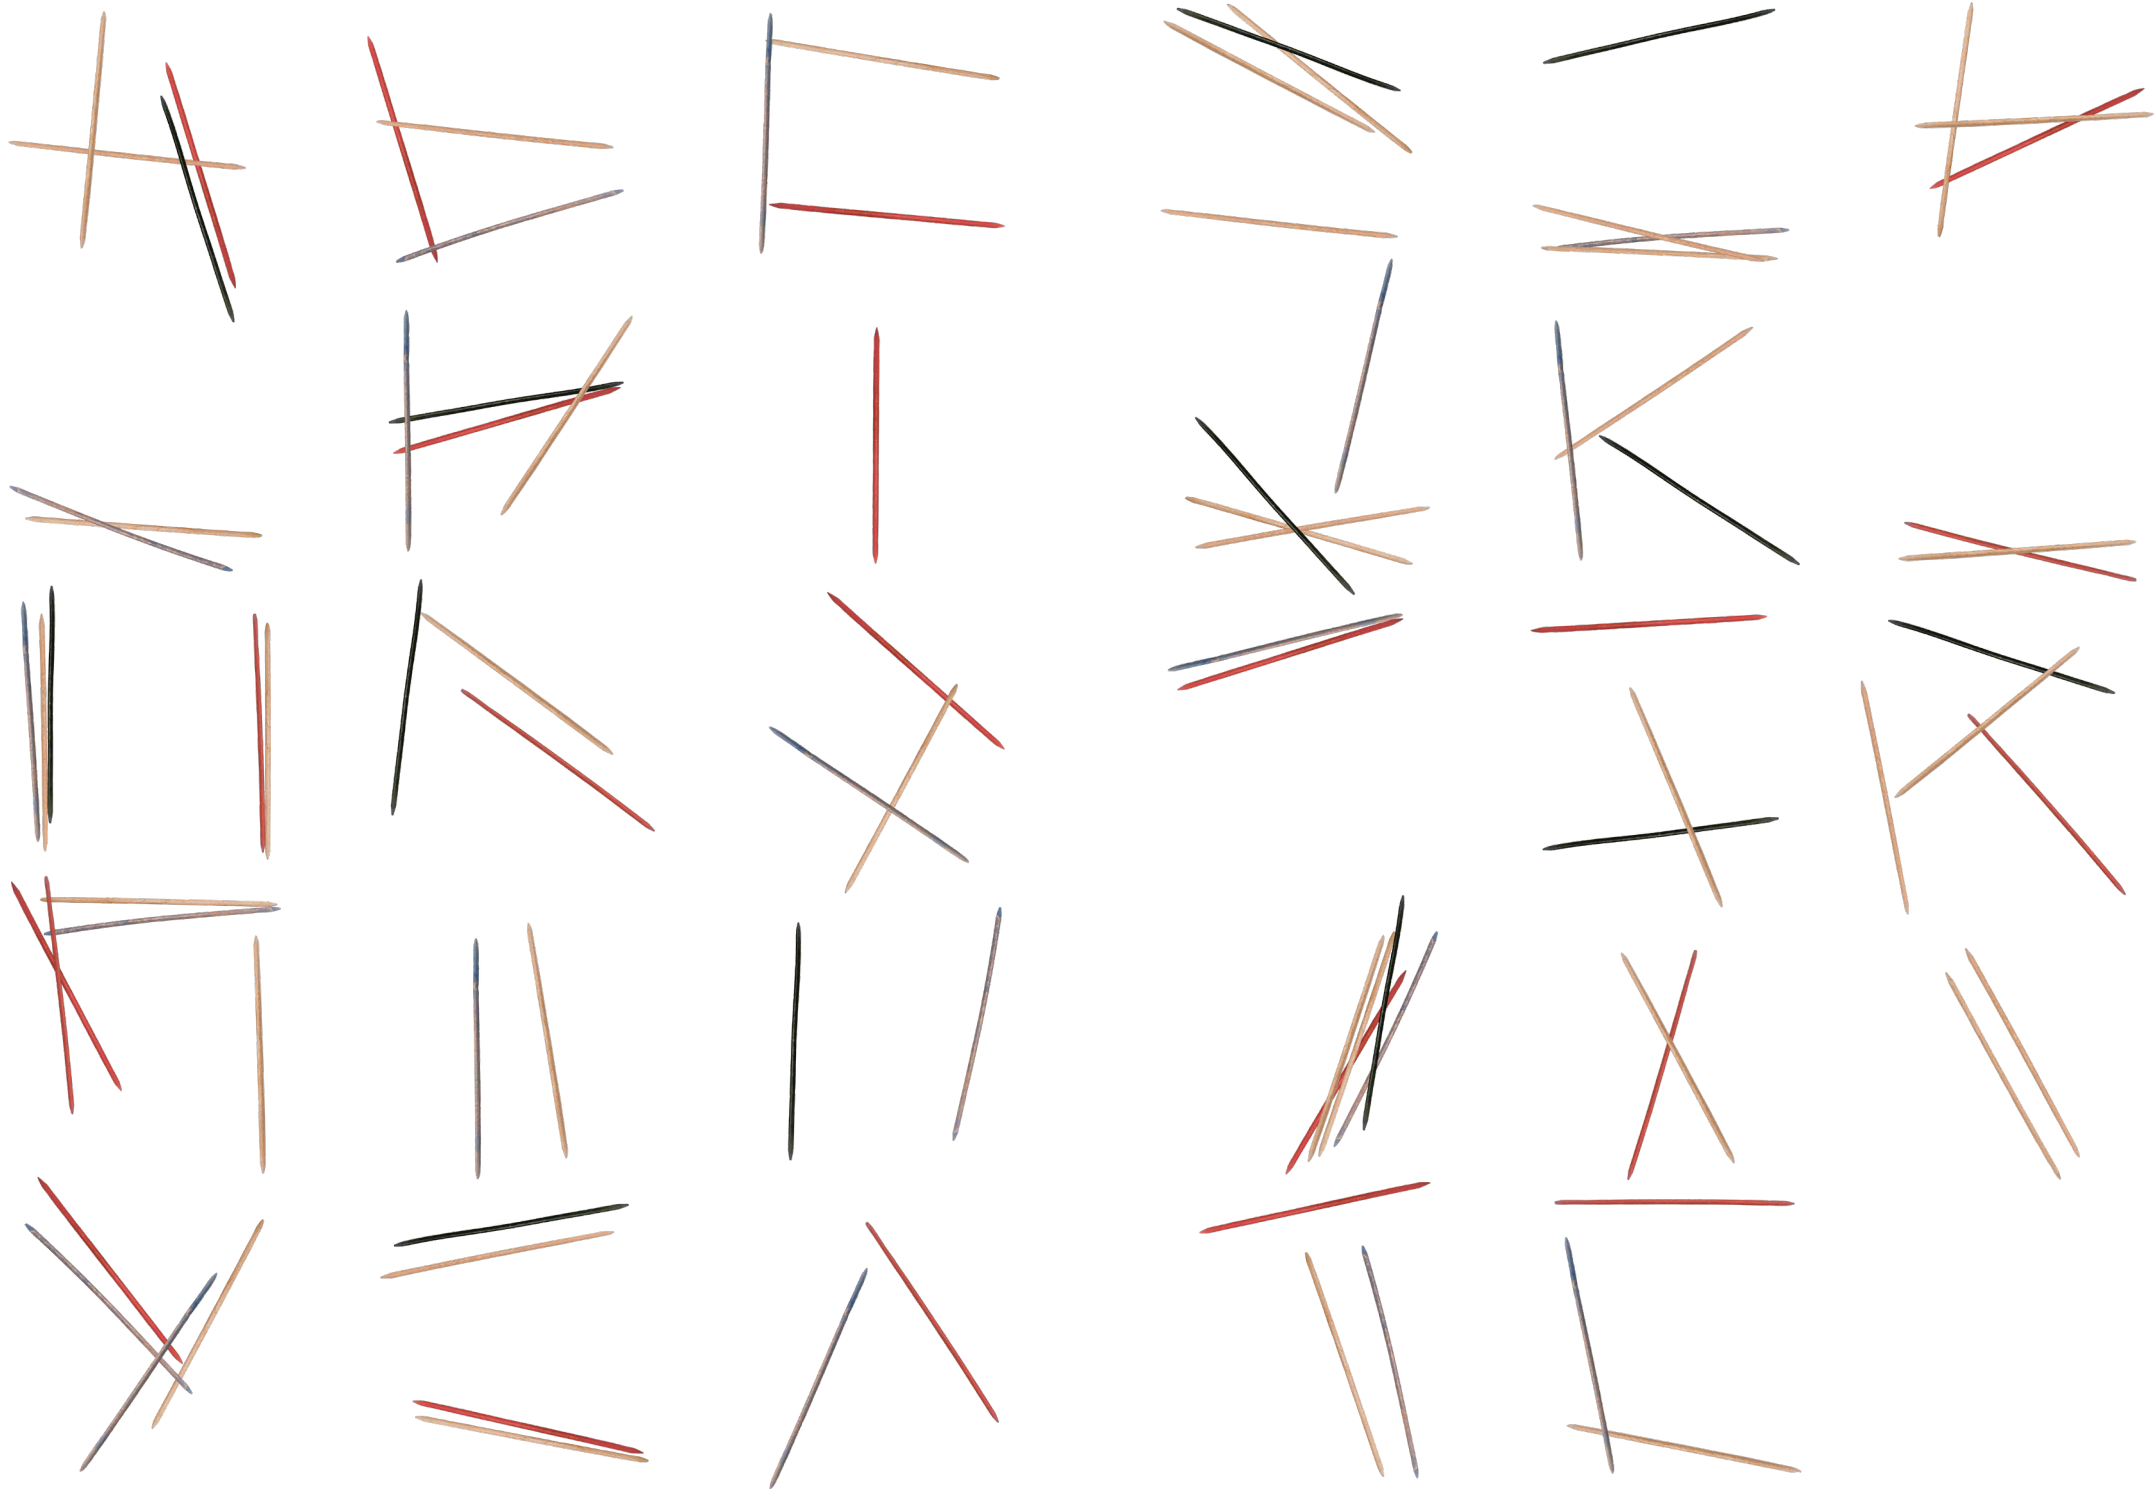

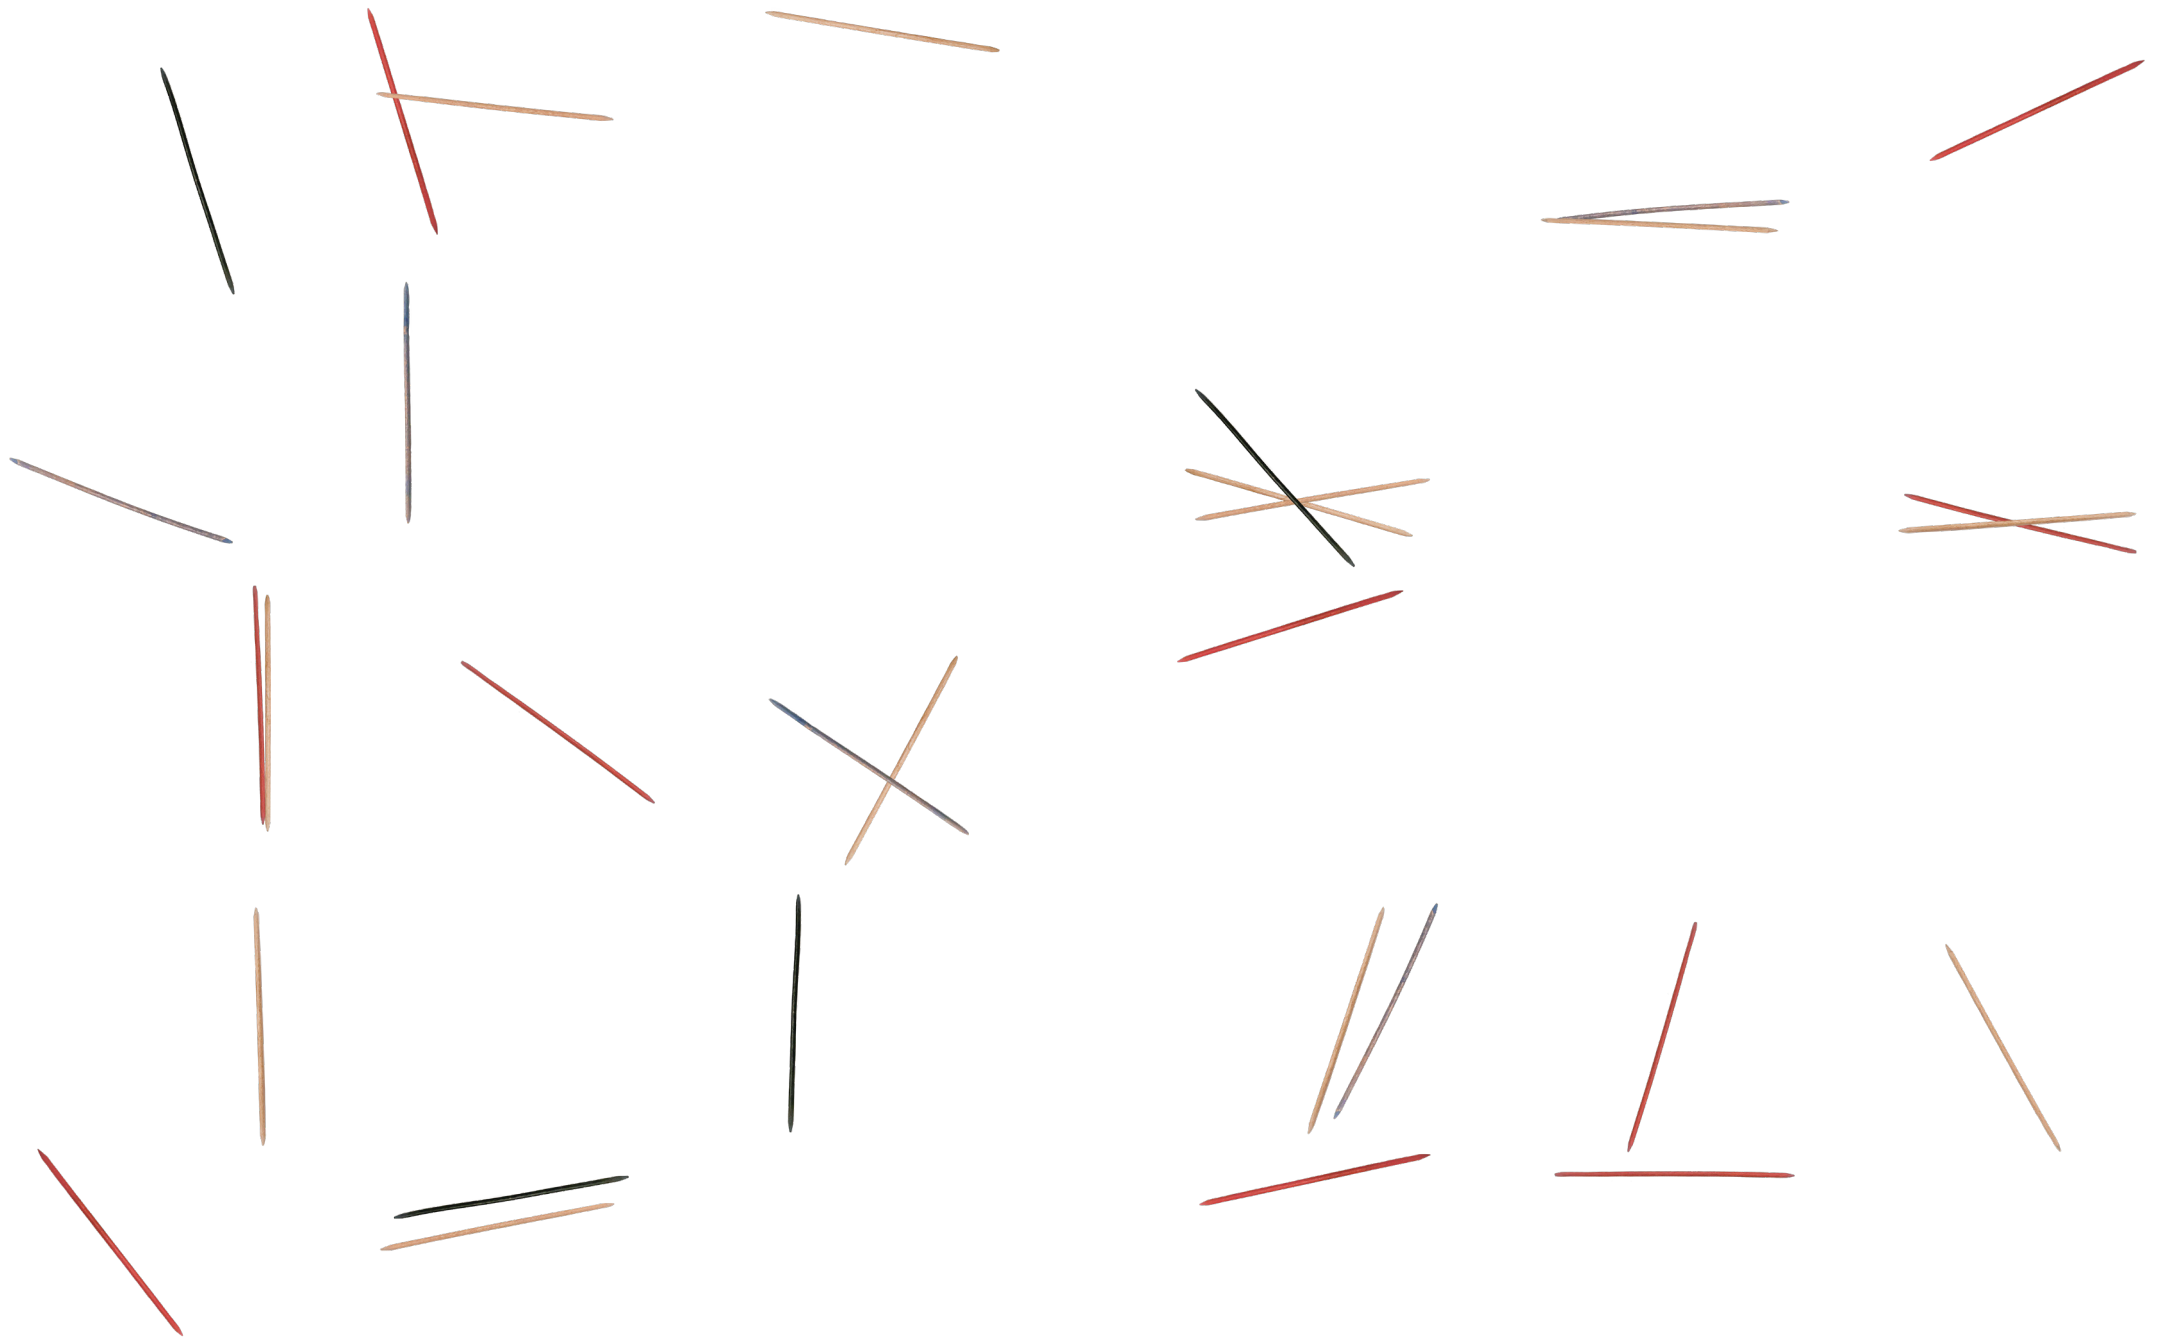

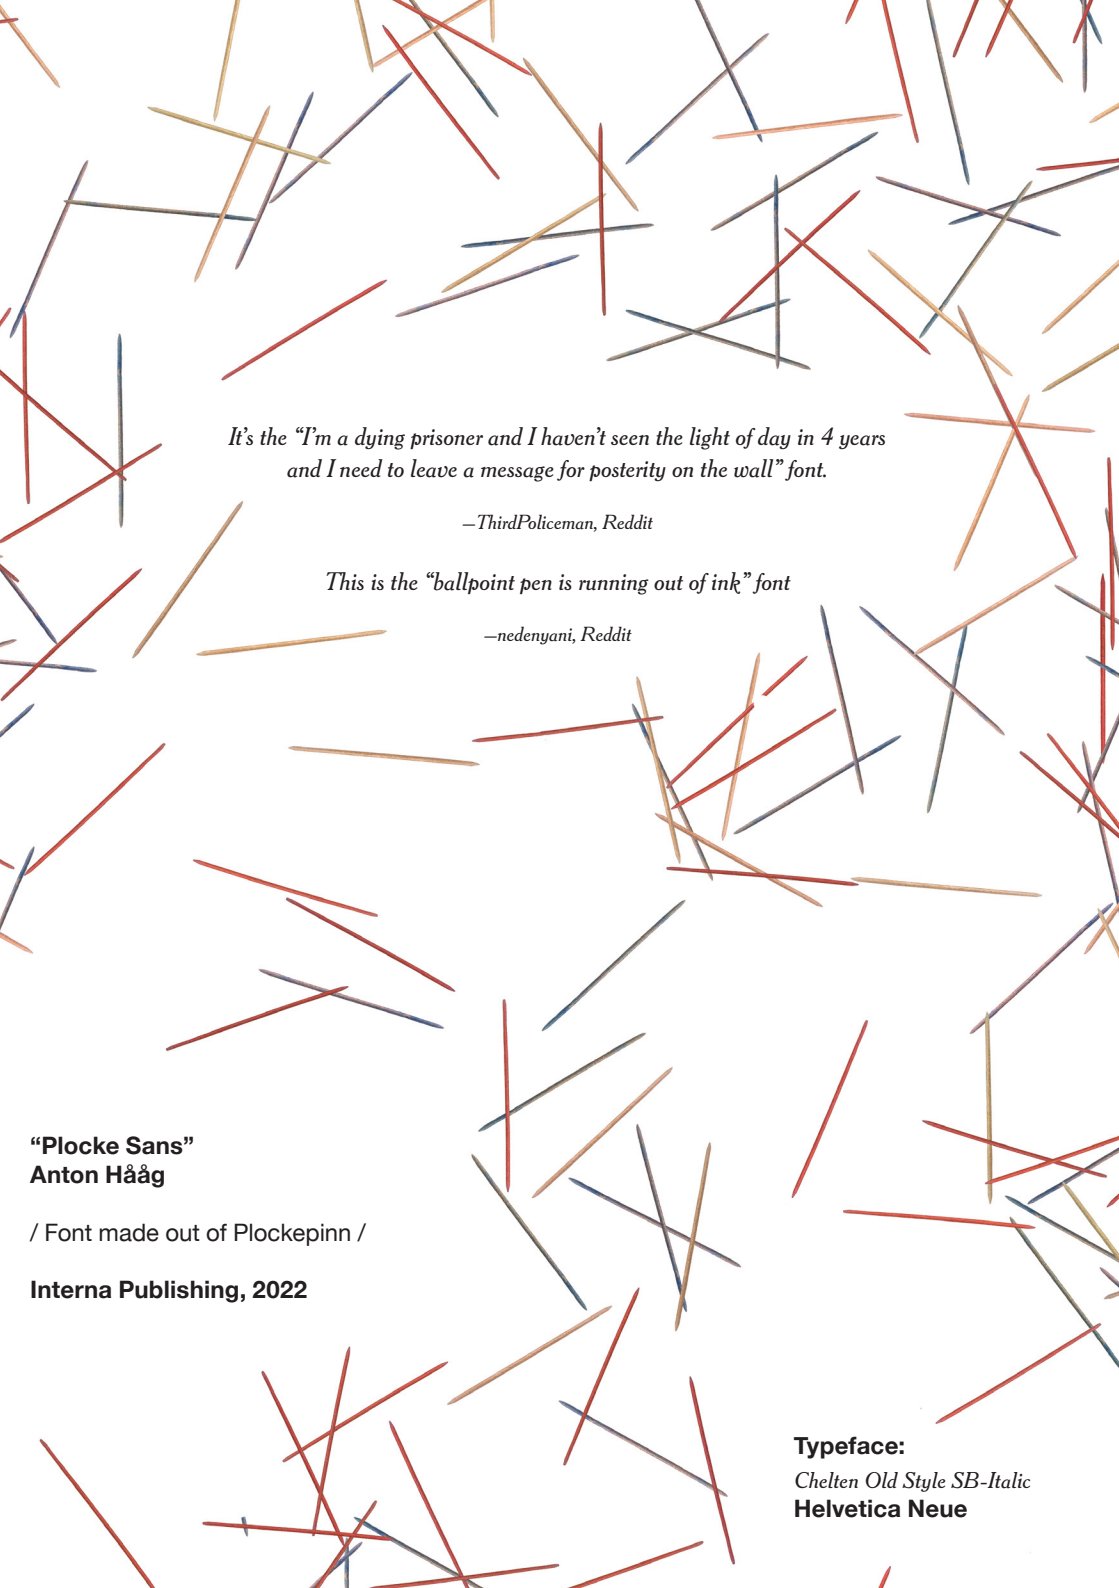

*It's the "I'm a dying prisoner and I haven't seen the light of day in 4 years  
and I need to leave a message for posterity on the wall" font.*

*—ThirdPoliceman, Reddit*

*This is the "ballpoint pen is running out of ink" font*
